

DARBY O'REAR

darbyorear@gmail.com | 979-255-1031 | [LinkedIn](#) (darby-o-rear) | [GitHub](#) (DarbyORear)

Java developer who also has a passion for front-end programming. I strive to use my coding abilities to integrate creativity and design with technical problem-solving. Before coding, I spent years gaining research skills in international affairs and national security issues and am interested in using coding to solve global problems and present beautiful solutions.
